Co-Founder

Description

RBTF OÜ is looking for you as Co-Founder.

RBTF is the parent company, which has developed a total of 5 projects, including 1 project to be created in the future.

1. [RBTF Business Consulting](#), here we are MSP/MSSP/ CSP and develop infrastructure solutions for any kind of business with a simple 6 phase plan. We focus on small to midsize companys and already work with over 24 indirect and direct partners.
2. [The RBTF Medical](#), here we provide physical support through paramedics on events in and around Munich. Since 2023, we have also been giving physical first aid courses in and around Munich.
3. [RBTF CSS](#), a future project that is currently waiting to be continued, the aim of which is to uncover physical security vulnerabilities at events and in companies within the framework of consultations.
4. [RBTF RBTF NGO](#), a non-governmental organisation with the mission to help and support our fellow human beings trough volunteering and only proceeding trough donations.

Responsibilities

Your involvement with the RBTF is immensely varied and requires a great deal of commitment to drive the RBTF forward.

The most important thing is to understand the overall concept of RBTF before specialising in a particular area at RBTF. We want you to be able to support in every project of the RBTF and to work with the systems of the RBTF without any problems.

Job Benefits

We are a family start-up company that has set itself the task of creating a new kind of working environment, so we already offer some benefits:

- Cooperate Benefits Programm <https://www.corporate-benefits.de/>
- Remote: work whenever you like with a timetracking Software! (if we have a Service time, please be online!)
- Holiday 25 Days in the year and whenever you need Holiday, you just have to ask for more free days and when to go!
- Support in finding the right insurance!
